# TWO SLAIN AT TUCKER FARM

## Here and There

Editorial By ALEX. H. WASHBURN

THE triumph of the common people over the most notorious political machine in the world is made complete by the removal Friday night of John F. Curry as leader of Tammany Hall—the first time in history that the New York City machine has ousted its own leader. Victory was brought the people by one man: Samuel Seabury.

## St. Louis Reptile Experts Complete Grassy Lake Tour

Lentz and Perkins Taken Over Area by Dr. P. B. Carrigan

## PRIZE FOR SNAKE

\$3 Offered for Live Specimen of the Rare Coral Snake

By Dr. P. B. Carrigan

Mr. Lentz and Marvin Perkins from the Zoological Gardens, Forest Park, St. Louis, arrived in Hope last Monday afternoon and spent two days here for the purpose of securing rare specimens of reptiles for the Forest Park Zoo.

The men were taken to the Hempstead County Hunting Club and made a thorough search around Grassy Lake, which is considered one of the best area for snakes of all varieties in this country.

The first day they went out the weather was cold and cloudy, and it was hard to locate any specimen but, the men were much pleased with the surroundings at Grassy Lake, and returned there Tuesday to find quite a number of rare species; however, the weather continued cold and cloudy in the morning, but by afternoon the sun was shining and it was remarkable to see the change in such short time. Then they were successful in locating some fine specimens in the woods and on the edge of the lake.

They hunted over the hills and above the lake, but did not find the big rattler, although they believe that this snake is there and it was too cold at this time to locate him. They got quite a number of cotton mouth moccasons, and other rare species while there. They reported that they had found 22 different species and were very much pleased with their work in this vicinity.

### They Carry Sucks

These men had a number of sacks attached to their bodies, in which they put the specimens as they found them. They always stayed within shouting distance of each other, so that if either one of them should be bitten the other one could come to his rescue and give him treatment. They both carried with them a serum for any snake bite, which was three species of anti-venom and they were very skilled in the treatment of a snake infection.

Both men had been bitten several times by venomous snakes. About two years ago, Mr. Perkins was bitten by an African viper, which is a most poisonous snake, but through skilled treatment in one of the St. Louis hospitals, he recovered. They have made many expeditions into foreign countries for reptiles and have had a good deal of experience along this line.

They were anxious to locate the coral snake, as they think he can be found in this section since Hope is so close to the border of Louisiana. I will give \$3 to any one, who will bring this particular snake alive to my office. It is rather a small snake, and can be identified by blue and red bands on its body with yellow stripes between the red and blue sections. This snake is as poisonous as the rattler or cotton mouth snake, and these men want to locate one of these for scientific purposes, as the New Orleans scientists think he is this far North. Their treatment for snake bites is as follows:

Tie a tourniquet (either a handkerchief or any bandage) around the limb just bitten and don't leave the bandage on longer than 20 minutes. The wound should be cut open to insure free bleeding. Apply a suction pump for at least a half hour. Then inject the anti-venom; when any dangerous symptoms develop a transfusion should be given by all means. Remember that some cases succumb in 36 hours and in other instances if they do not get the proper treatment, they will die in a very short time.

### Fine Rockery

Messrs. Lentz and Perkins were very much pleased with the two large crane rockers in Grassy Lake as so many species of birds are sighted there and they thought it would be wonderful to have a movie camera take pictures through the nesting period and while these birds were raising their young. There are thousands of these birds in the lake and it would be interesting for some ornithologist to see these and they could give some interesting reports on them.

Exercise! on the side helps many a girl to put on a presentable front.

## Bishop Admits Diverting Trust Fund

### Cannon Testifies Spending Estate's Money in Politics

Strange Story Told by Executor of Mary C. Moore Estate

### BISHOP'S TIN BOX

2 Bank Accounts, Safety Deposit Box and "Washington Tin Box"

WASHINGTON—(P)—Bishop James Cannon, Jr., testified Saturday to a District of Columbia jury that he had used money from an estate of which he is executor for "personal obligations" and for campaign purposes in his effort to defeat Alfred E. Smith for president.

The money was from the estate of Mary C. Moore, and the testimony was brought out in the questioning of the bishop by Government Prosecutor John J. Wilson.

**Bishop's Tin Box**

WASHINGTON—(P)—Bishop Cannon spent the better part of Friday on the stand, answering the questions of his lawyer, Robert H. McNeill, and telling of the many bank accounts he kept, circumstances surrounding the campaign report and the administration of an estate of which he was executor.

"I carried two bank accounts, one in Washington and one in Richmond," he said. "I had a safety deposit box in Richmond and I had a tin box in Washington. I deposited the Jameson money either in Washington or in Richmond, in one account or the other, or in one or the other of those you might call them both safety deposit boxes; only one was in the bank and one was in my apartment at Washington—but I did not separate the Jameson money in my bank account from any other money. It was money that I had at my disposal, but made a separate record of it in my memorandum."

"I carried two bank accounts, one in Washington and one in Richmond," he said. "I had a safety deposit box in Richmond and I had a tin box in Washington. I deposited the Jameson money either in Washington or in Richmond, in one account or the other, or in one or the other of those you might call them both safety deposit boxes; only one was in the bank and one was in my apartment at Washington—but I did not separate the Jameson money in my bank account from any other money. It was money that I had at my disposal, but made a separate record of it in my memorandum."

**Charges on Tributes, Etc.:** Charges will be made for all tributes, cards of thanks, resolutions, or memorials, concerning the departed. Commercial newspapers hold to this policy in the news columns to protect their readers from a deluge of space-taking memorials. The Star disclaims responsibility for the safe-keeping or return of any unsolicited manuscripts.

## BEHIND THE SCENES IN Washington

By Olive Roberts Barton

Safety Comes Before Beauty in School—Stairs, Roofs, Hose Need Regular Inspections

When I was in the west I drove to the earthquake coast to see what the recent shock had done. Naturally much of the damage has been repaired, debris has given way to new buildings and except in a few cases there was little evidence of the holocaust of a few months ago.

But the school houses as a rule presented the same stark gauntless that the horror-stricken citizens beheld at six o'clock on that historical fatal evening. At five-thirty the earth shook, an hour or so after dismissal. At six it was all over. The only school children hurt or killed were in their homes, on the streets, or in the stores.

"Why?" I asked my guide, "have not the schools been rebuilt, or restored? And where are the children going to school?"

"They are," he pointed out, "in temporary quarters wherever there is room. Some are in tents."

"Haven't they had time to do something about these buildings?" I asked.

"Some of them look as though it would take very little money to fix them up and make them safe."

Taxes and Schools

But, according to my guide, thereby hangs a tail. As everybody knows now, school funds are low. They not only permit no new building, but even the necessary repairs. And to add a bit of gossip it seems that some of the buildings were discovered to have been under par according to safety standards even before the quake.

So there they stood, gaunt ghosts of misfortune representing millions of dollars in tax money that probably can never be matched again. And the children are going to school where they may.

The buildings may have been safe. One has to discount the carelessness of a bystander. An earthquake is no respector of columns or carvings. Yet within stones thrown high apartment buildings that did not lose a tile or a cornice. Steel re-inforced—solid, impregnable.

Beautiful school buildings are one thing—safe ones another. Only God himself got those children out before the roofs and walls crashed into the rooms where hundreds of little children had been singing "Our Country, This Is Ours" only an hour before.

Thinking it over I have come to a conclusion. We may have bronze statues, swimming pools and murals in our most expensive schools, but are they always safe? Earthquakes occur only in certain sections of the land, but fires play no favorites, or even tornadoes.

Better Safe Than Sorry

Is the fire hose rotten? Are the fire-escapes sound? Are there regular fire-drills?

Is the heating system safe? Are there regular inspections for leaks?

Are roofs inspected to bear the weight of heavy snows?

Are the stairs safe? And what is the foundation like? When buildings settle—look out. Is the cement good? Sand without enough cement is about as safe as putty.

It doesn't matter what a school building looks like. What does matter is its safety.

Before long now school will be out. In some rural districts it is already dismissed. This is the time for building inspectors to make an honest report and for school boards to harken to expert opinion.

It is the unexpected that happens. Then there is a flurry of explanations and alibis.

There is no alibi where the lives of children are concerned. It does not do to take it for granted that "The Titanic Is Unsinkable." Regular inspections of buildings are the most necessary things in our whole educational system.

## Sheppard

Mr. and Mrs. Roy Cornelius was in Hope Saturday

Mr. and Mrs. George Gilbert Jr. and children were shopping in Hope Saturday.

Misses Lucille and Christeen Cornelius were in Hope Saturday.

Joe Morton of Guernsey called on Walter Cornelius Monday.

Christeen, Gladys and James Cornelius spent Sunday with their cousin, of Guernsey.

J. M. Cornelius of Guernsey spent a couple of nights with W. L. Cornelius and family last week.

## Could the President Have Had Any Political Motive In That Fishing Trip?

HERBLOCK

Shover Springs

Mr. and Mrs. Pete Laster and son, Donald Joe, spent Sunday afternoon with Mr. and Mrs. Hugh Laster.

Mrs. Charles Rogers and son, Parker, spent Sunday with Mr. and Mrs. Oscar Phillips.

Mr. and Mrs. Silas Dickerson and little daughter, Mary Joe, W. R.

"They are," he pointed out, "in temporary quarters wherever there is room. Some are in tents."

"Haven't they had time to do something about these buildings?" I asked.

"Some of them look as though it would take very little money to fix them up and make them safe."

Cabinet members, supreme court justices, dowagers, senators stood in a long line under the entering canopy as their names were carefully checked at the Soviet embassy.

The demands for bids to the first reception of Ambassador and Mrs. Troyanovsky made all similar onslaughts on official hosts here seem weak and puny.

Now that everyone knows what a swell party it was, the Russians are in for even heavier pressure.

Mrs. Troyanovsky received huge baskets of orchids and other rare blooms from people she had never heard of. Later the senders would telephone: Might not it be possible to extend just one more invitation?

Members of the embassy staff, especially the Americans, were besieged by practically every acquaintance who hadn't landed on the invitation list.

Cabinet members, supreme court justices, dowagers, senators stood in a long line under the entering canopy as their names were carefully checked at the Soviet embassy.

Even expert gate crashers failed to see the inside of the palace.

Inside: Kegs of caviar, a huge sturgeon, a vast variety of Russian delicacies and thousands of gold-tipped Russian cigarettes . . . vodka, champagne, Scotch, and punch, which many brave guests consumed in rotation . . . Justice Roberts, Darrow, Lugwell, Wallace, Farley, Borah—who wasn't there?

Dancing to 3 a.m. because people wouldn't go home . . . Ex-Senator Brookhart wore the only business suit and Heywood Broun the only soft-collared shirt . . . Everybody talked of Dr. Wirt's testimony earlier in the day. All but two of the people he had named were there . . . Margaret Sanger, the birth control lady, turned out to be a graceful dancer.

Frances Perkins was squirmed by Henry Moscovitz of Al Smith's old kitchen cabinet, Mrs. Woodrow Wilson by Senator Dave Walsh in Cornell Hull's shirt, and Alice Longworth by Frank Kent of the Baltimore Sun.

The Amorg officials were down from New York, seriously split on the question of high hats . . . Assistant Secretary of State Walton Moore told Troyanovsky: "This is the most capricious show I ever saw."

Would a Nut Tree Be Huey?

Attorney General Cummings likes to name trees on his Greenwich, Conn., estate after people. He recently christened a maple "Franklin D. Roosevelt."

Others include an oak named "Woodrow Wilson" and three cherry trees called "George," "Martha Washington" and "Abraham Lincoln."

Not Worried by Wirt

Is the fire hose rotten? Are the fire-escapes sound? Are there regular fire-drills?

Is the heating system safe? Are there regular inspections for leaks?

Are roofs inspected to bear the weight of heavy snows?

Are the stairs safe? And what is the foundation like? When buildings settle—look out. Is the cement good?

Sand without enough cement is about as safe as putty.

It doesn't matter what a school building looks like. What does matter is its safety.

Before long now school will be out. In some rural districts it is already dismissed. This is the time for building inspectors to make an honest report and for school boards to harken to expert opinion.

It is the unexpected that happens. Then there is a flurry of explanations and alibis.

There is no alibi where the lives of children are concerned. It does not do to take it for granted that "The Titanic Is Unsinkable." Regular inspections of buildings are the most necessary things in our whole educational system.

Now GO ON WITH THE STORY

CHAPTER XI-9

MARIA left Pabito in a mood that was a mixture of relief and the utmost bitterness. All these years he had been suffering for a crime he had not committed. Suffering loneliness and hopelessness and the loss of the one girl in the world he loved. All these years—

Lottie came into the room. "What's the matter, honey boy?" she demanded carlessly.

"Nothing."

"You look it! Beau's gone."

Pabito looked up quickly at her.

"Decided he needed a change of air," Lottie added lightly.

"Did you listen to what we were saying?" he demanded. She answered with a nonchalant, easy, "Sure."

"I hurt you horribly, I know. Perhaps if I had been stronger I would have seen some way to avoid doing that. But I want to tell you now that I love you as much as I can ever love anyone and I will marry you if you still want me. Lottie, I love you."

"Good? Kiss me, honey. Oh—not like that!"

What if he should drop his arms and say, "I can't go through with it, Lottie! I can't!" What would happen then? He had not known she would be so demanding for demonstrations of affection. He had not known that pretense could be so hard.

EVELYN wrote Pabito that evening. She had sent the letter by post because there was no chauffeur now to carry messages. She wrote:

"Dear Pabito: It is good to write your real name without fear. Maria has told my father and me what she has told you, too. I am so glad for you. I have not for a long while been so glad about anything."

But even her love for him could not teach her patience. Soon Lottie was crying and he was obliged to comfort her and pretend some more.

"You do love me, don't you?" she said, mopping her eyes and choking back the last of her sobs.

"Of course I do, Lottie," he said dully. "I'm a lucky chap and I know it."

"You'll never know how I love you, Pablo. Never!"

"You're awfully good to me, Lottie."

"Good? Kiss me, honey. Oh—not like that!"

What if he should drop his arms and say, "I can't go through with it, Lottie! I can't!" What would happen then? He had not known she would be so demanding for demonstrations of affection. He had not known that pretense could be so hard.

LOTTIE was assembling her trousseau—gaudy frocks and fragile underthings of orchid, peach and sapphire chiffon. Collecting this finery, she came as close to happiness as she had been since Pabito had asked her to marry him. Sometimes in the nights Lottie woke with tears on her cheeks. Pabito was not happy, she knew. Well, she vowed in her bravest mood, she'd make him so. But at other times she realized she did not know how to make him happy.

She went to La Merced a good deal those days. The church appealed to her and warmed her a little as she struggled to be near that embracing, comforting someone who was spoken of so easily and often as "God."

And here among the women who knelt with devout eyes on the altar Lottie would sometimes pray ardently in her own manner: "God, I haven't gone so very straight but, honest, I promise you if you'll just give me this chance—"

"I want to see you and wonder whether you will want to come to see me. It has been a long time since we have met but, remembering our hours together as I have so keenly since being here, I feel that—oh, I don't know. I can't express it."

"I hurt you horribly, I know. Perhaps if I had been stronger I would have seen some way to avoid doing that. But I want to tell you now that I love you as much as I can ever love anyone and I will marry you if you still want me. Lottie, I love you."

"Good? Kiss me, honey. Oh—not like that!"

What if he should drop his arms and say, "I can't go through with it, Lottie! I can't!" What would happen then? He had not known she would be so demanding for demonstrations of affection. He had not known that pretense could be so hard.

For a moment Noyes paused; then he moved forward with a weak, groping "Pabito!"

Pabito clung to Noyes' hands.

The two made the small meaningless comments people make when emotions are too great to be expressed by words. At length Pabito said, "I have never needed you so much as now—"

And even Noyes, in his humility, could believe that Pabito was thin. His eyes were tired and his lips were set to that grim line which tells of a vast determination and an equally vast hopelessness.

"What's wrong?" the older man asked.

"It's nothing that can be changed," Pabito assured him. "I wouldn't even bother you about it but you know I've always told you

so."

"It's nothing that can be changed," Pabito assured him. "I wouldn't even bother you about it but you know I've always told you

so."

"It's nothing that can be changed," Pabito assured him. "I wouldn't even bother you about it but you know I've always told you

so."

"It's nothing that can be changed," Pabito assured him. "I wouldn't even bother you about it but you know I've always told you

so."

"It's nothing that can be changed," Pabito assured him. "I wouldn't even bother you about it but you know I've always told you

so."

MRS. SID HENRY

TELEPHONE 321

A gush of bird-song, a patter of dew, A cloud, and a rainbow's warning, Suddenly sunshine and perfect blue— An April day in the morning. Every tear is answered by a blossom, Every sigh with songs and laughter blent.

Apple blossoms upon the breezes toss them. April knows her own and is content, Selected.

Mrs. Billy Duckett will spend the week-end with the C. B. Blackburns in Memphis.

Mrs. C. W. Weltman and sister, Miss Mabel Heyworth have returned from an extended visit in Springfield, Ill., and are domiciled in the home of Miss Elmira Pontine on South Elm street.

Benford McRae left this morning for a week-end visit in Little Rock, where he will see Tom Mix.

Miss Josephine Cannon of Ouachita college will spend the week-end with her parents, Dr. and Mrs. G. E. Cannon.

J. R. Williams of the Williams Lumber Co., attended a lumbermen's convention in Shreveport, La., Friday.

Dr. and Mrs. G. E. Cannon motored to El Dorado Friday to attend the funeral services for Mrs. Mary Riley Fleniken, a former Hempstead county resident, who passed away at her home in El Dorado Thursday, April 19.

Mrs. R. D. Franklin was hostess to the members of the Friday Bridge club and three extra tables of special guests, at her home on South Main street. The rooms were bright and attractive with a graceful arrangement of field flowers and contract was played from five tables. The favors went to Mrs. Conner Bayett, Mrs. Guy Card and Mrs. D. L. Bush. Following the game, the hostess served a delicious salad course.

Mrs. J. T. Hicks will have as weekend guests, Mr. and Mrs. S. J. Beauchamp Jr. and little daughter, Coleen, of Little Rock.

A very enthusiastic meeting of the Hope Garden club was held on Friday afternoon at the home of Mrs. A. L. Black on North Louisiana street, with the president Mrs. K. G. McRae, presiding over a most interesting and informal program, when each member present told "How She Grew the Flowers or Shrubs She Grew Best." Giving out much valuable knowledge gleaned from actual experience. During the business period the president urged that new members be solicited. She also announced that George Ware of the Experiment Farm had extended through the Garden club, an invitation to the women of the town to attend a program for spraying, propagating, fertilizing and arrangement of shrubs and plants at the Station on Thursday afternoon, (hour will be announced in Monday's paper). It is urged that all ladies interested in growing plants or shrubs or beautifying their homes, take advantage of this splendid opportunity to learn the right way. Mr. Ware addressed the Garden club in its infancy, and gave much valuable information and demonstration, that has proven great help to the writer and all others present at that time. If you are interested and will devote Thursday afternoon in co-operating with the Garden club in having a splendid representation for this program, please phone either Mrs. Clyde Hill, Mrs. J. A. Henry, Mrs. A. L. Black, Mrs. A. F. Hamer or Mrs. Sid Henry. For the meeting of the Garden club the Black home was abloom with a gorgeous array of lovely tulips, snapdragons, woodland, and spirea, certainly a great inspiration for this unusually enthusiastic meeting.

Following adjournment, a pilgrimage was made over the yards of Mrs. Black and the adjoining yard of her daughter, Mrs. Frank R. Johnson.

## A Good Picture, But It Wasn't True to Navy Says Swanson

WASHINGTON—(P)—A painting depicting a group of drunken sailors ashore, with several women, the work of a CWA artist, was ordered removed from the Navy Department Wednesday by Secretary Swanson.

"I simply didn't want it," Swanson said. "It was right artistic, but was not true to the navy."

The painting was done by Paul Cadmus and sent to the Navy by CWA.

Assistant Secretary Henry L. Roosevelt supervised its removal and had it sent to his home.

Swanson scrutinized the picture after Admiral Hugh Rodman, a retired officer, had written a letter protesting again.

"It represents a most disgraceful, sordid, disreputable drunken brawl," Rodman said, "wherein apparently a number of enlisted men are consorting with a party of street walkers and denizens of the red-light district. This is an unwarranted insult to the enlisted personnel of our navy and evidently originated in the world, depraved imagination of someone who has no conception of actual conditions in our service."

Circle No. 2 of the W. M. S. First Baptist church will meet at 2:30 Monday afternoon at the home of Mrs. G. A. Hobbs on South Pine street, with Mrs. Franklin Horton and Mrs. Elmira Hendrix as associate hostesses. The regular Mission study will be led by Mrs. W. P. Agee.

Circle No. 3 of the W. M. S. First Baptist church will meet at 3 o'clock Monday afternoon at the home of Mrs. C. C. Collins, Fulton street.

Circle No. 4 of the W. M. S. First

Baptist church will meet at the home of Mrs. J. S. Gibson Sr., on Division street. Mrs. Hugh Jones will give the devotional and Mrs. Chas. Haynes will conduct the Mission study.

Miss Lillian Miller entertained a group of her girl friends at a bunking party Friday night at her home on West Avenue D. The party was given as a "going away surprise" for Miss Geneva Vaughn who will leave soon to spend a few weeks in Prescott. A most tempting breakfast was served at 3 a.m. to the following: Miss Geneva Vaughn, Miss Ivy Stedman, Misses Frances and Ruth Bryant, Miss Lois Hanson, Miss Mildred Gray, Miss Clevis Maxwell and Misses Mildred and Lillian Miller.

Dr. F. H. Henry attended a meeting of the Louisiana State Dental association in Shreveport, La., Friday.

Mrs. R. D. Franklin was hostess to

the members of the Friday Bridge club and three extra tables of special guests, at her home on South Main street.

The rooms were bright and attractive with a graceful arrangement of field flowers and contract was played from five tables. The favors went to Mrs. Conner Bayett, Mrs. Guy Card and Mrs. D. L. Bush. Following the game, the hostess served a de-

licious salad course.

Mrs. J. T. Hicks will have as weekend guests, Mr. and Mrs. S. J. Beauchamp Jr. and little daughter, Coleen, of Little Rock.

A very enthusiastic meeting of the Hope Garden club was held on Friday afternoon at the home of Mrs. A. L. Black on North Louisiana street, with the president Mrs. K. G. McRae, presiding over a most interesting and informal program, when each member present told "How She Grew the Flowers or Shrubs She Grew Best."

Giving out much valuable knowledge gleaned from actual experience. During the business period the president urged that new members be solicited.

She also announced that George Ware of the Experiment Farm had extended through the Garden club, an invitation to the women of the town to attend a program for spraying, propagating, fertilizing and arrangement of shrubs and plants at the Station on Thursday afternoon, (hour will be announced in Monday's paper).

It is urged that all ladies interested in growing plants or shrubs or beautifying their homes, take advantage of this splendid opportunity to learn the right way. Mr. Ware addressed the Garden club in its infancy, and gave much valuable information and demonstration, that has proven great help to the writer and all others present at that time. Henry, Mrs. A. L. Black, Mrs. A. F. Hamer or Mrs. Sid Henry. For the meeting of the Garden club the Black home was abloom with a gorgeous array of lovely tulips, snapdragons, woodland, and spirea, certainly a great inspiration for this unusually enthusiastic meeting.

Following adjournment, a pilgrimage was made over the yards of Mrs. Black and the adjoining yard of her daughter, Mrs. Frank R. Johnson.

There is a place for you.

NOTICE IS HEREBY GIVEN, That in pursuance of the authority and directions contained in the decree of the Chancery Court of Hempstead County, made and entered on the 16th day of April, 1934, in a certain cause then pending therein wherein R. B. Williamson, et al., were petitioners, the undersigned, as Commissioner of said Court, will offer for sale at public vendue to the highest bidder, at the front door or entrance to The Citizens National Bank of Hope, in the City of Hope, in Hempstead County, Arkansas, within the hours prescribed by law for judicial sales, on Saturday, the 12th day of May, 1934, the following described real estate situated in Hempstead County, Arkansas, to-wit:

The West Half of the Northwest Quarter of the Northwest Quarter (W $\frac{1}{4}$  NW $\frac{1}{4}$  NW $\frac{1}{4}$ ), containing 17.22 acres, more or less, and the Southwest Quarter of the Northwest Quarter (SW $\frac{1}{4}$  NW $\frac{1}{4}$  NW $\frac{1}{4}$ ), containing 40 acres, more or less, in Section One (1); the North Half of the Northwest Quarter of the Northeast Quarter (NW $\frac{1}{4}$  NW $\frac{1}{4}$  NE $\frac{1}{4}$ ), containing 18.11 acres, more or less, in Section Two (2), and the north part of the Southeast Quarter of the Northeast Quarter (SE $\frac{1}{4}$  NE $\frac{1}{4}$ ) of said Section Two (2) containing 1.00 acres, more or less, being all of said forty acres in which John Williamson, now deceased, had any interest at the time of his death, and for a particular description thereof reference is herein made to his title deeds to the same; and the Southeast Quarter of the Northwest Quarter (SE $\frac{1}{4}$  NW $\frac{1}{4}$ ) of Section One (1), in Township Eleven (11) South, Range Twenty-six (26) West, containing in all 116.93 acres, more or less.

Also the North Half of the Southeast Quarter (NW $\frac{1}{4}$  SE $\frac{1}{4}$ ) of Section Two (2), in Township Eleven (11) South, Range Twenty-six (26) West, containing 89 acres, more or less.

Also the Southeast Quarter of the Southwest Quarter (SE $\frac{1}{4}$  SW $\frac{1}{4}$ ) and the North Half of the Southeast Quarter of the Northwest Quarter (NW $\frac{1}{4}$  SE $\frac{1}{4}$  NW $\frac{1}{4}$ ) of Section One (1), in Township Eleven (11) South, Range Twenty-six (26) West, containing 69 acres, more or less.

TERMS OF SALE: On a credit of three months, the purchaser being required to execute a bond as required by law and the order and decree of said Court in said cause, with approved security, bearing interest at the rate of ten per cent (10%) per annum from date of sale until paid, and a lion being retained on the premises sold to secure the payment of the purchase money.

Sold lands will be sold in three separate parcels as above described.

Given under my hand this 19th day

of April, 1934.

DALE JONES

## GLORIFYING YOURSELF

By Alicia Hart

Swimming and Brisk Walks Will Correct Flat Chests

There was a time when beauty parlors were concerned only with outside aids to beauty—facial massage, make-up, shampoos, waves. Then some smart operator realized that you would have to go a good deal deeper than that before you could turn out clients who would be a real credit to the establishment.

And so today we find beauty parlors everywhere giving instructions in health, posture and exercise as a fundamental basis for making women better looking.

The healthy woman, you will notice, usually has good posture. And so does the really beautiful one. How many flat-chested, sway-backed women can you think of who come up to your standards of feminine loveliness?

To avoid flat-chestedness, walk with chest out, stomach in and head high, not thrust forward. Not only will you look better but you will feel better and the world at large will rate you as a smarter person.

Swimming and vigorous walking, not strolling, are the best exercises to correct flat-chestedness. Be sure, however, when walking, that your posture is right.

An expert in character analysis declares that the person who walks with head thrust forward in ungracious fashion is likely to be thought lacking in emotional and mental stability, while the one who goes along confidently with chest out is almost certain to be well-balanced emotionally, mentally and physically.

Swimming and vigorous walking, not strolling, are the best exercises to correct flat-chestedness. Be sure, however, when walking, that your posture is right.

We have several parties who want to buy a home in Hope and two prospects for a small farm near town. If you have a real bargain to offer, list with us, and we can sell it.
